

| | | | | | |
|-----------|-----------|---|----|-----|----|
| | a) | Illustrate ETSI M2M High Level architecture with a neat diagram | 10 | CO4 | L2 |
| | b) | Explain ETSI M2M service capabilities in detail with a neat diagram | 10 | CO4 | L3 |
| OR | | | | | |
| | a) | Discuss IETF Working Groups and Specifications Scope. | 10 | CO4 | L2 |
| | b) | Explain OGC functional architecture and interactions with a neat diagram. | 10 | CO4 | L3 |
| | a) | Explain device and application functional group, communication functional group, IoT service functional group and virtual entity functional group in detail with a neat diagram of IoT functional view. | 10 | CO5 | L3 |
| | b) | Explain IoT process management functional group, service organization functional group, security functional group and management functional group in detail with a neat diagram of IoT functional view. | 10 | CO5 | L3 |
| OR | | | | | |
| | a) | Explain the flow of information through a context enrichment process in IoT | 10 | CO5 | L3 |
| | b) | Describe the information exchange patterns in IoT. | 10 | CO5 | L2 |
